ATTENTION TO ALL

University of Asia Pacific (UAP) is a politically neutral, non-profit institution of higher education by rules and practices, which UAP expects would be respected and complied with by all for the supreme desirable national goal of turning our youths into valuable human resource without any loss of time in academic pursuit. In that spirit, UAP authorities is committed to maintaining a peaceful and tranquil campus environment and not allow any partisan political activities within its premises.

Regarding usage of the name, logo and premises of the university has its institutional guidelines. It prohibits the use of UAP name, logo and premises to promote any politically affiliated student bodies and their activities without the written approval of the authority. Allowing this would mean inviting competing groups to stifle academic environment. However, UAP recognizes the value that all stakeholders of the university are at the freedom to express their views and practice it at a personal level. To augment that socio-political value, UAP provides enormous scopes for exercising democratic values and promoting leadership quality, instilling cultural and social skills through UAP's more than 100 student clubs and forums to pursue curricular, co-curricular and extra-curricular activities and develop tolerance and mutual respect for differing viewpoints and opinion.

With that end in view, we seek sincere cooperation of our students, parents, guardians and all concerns to help us maintain peaceful academic environment at UAP.
